WHOLESALE MURDER BY DRUNKEN TROOPS

Refugee From Siedlice Gives
Interesting Interview.

TO THE ASSOCIATED PRESS

Wounded Have Not Been Attended to,
as Troops Will Not Permit Physi-
cians to Enter the Town—Refugees
Are Starving.

dent of the Associated Press Inter-
Warsaw, Sept. 12.—The correspon-
dents of the Associated Press inter-
viewed a refugee from Siedlice Tues-
day. The man said:

"I was staying Saturday at the Ku-
piecki hotel in Siedlice. Suddenly, at
9 o'clock in the evening, I heard two
shots, which were at once followed by
a volley. In a few minutes a num-
ber of Jewish women and children
rushed into the hotel, pursued by sol-
diers. The shooting continued for
an hour, and then came to an end.
Then the only noise from the streets
was the crying and moaning of the
wounded. At midnight several sol-
diers passed the house singing mar-
tial songs. I learned that troops
had been searching houses in an ef-
fort to discover members of the ter-
rorists band. To this end they went
through the Wiktorja hotel and pil-
laged the wine room. They got in-
toxicated rapidly and coming out on-
to the streets, began wholesale mur-
der and plunder. At 2 o'clock Sun-
day morning, terrorists were occupy-
ing a house on Plenkna street, threw
a bomb at the soldiers. Battles
were at once brought into play and
the bombardment of houses on Plenk-
na and Warsaw streets began. The
Kupiecki hotel, where I was staying,
was destroyed. Refugees were flee-
ing through the street and as they
ran the soldiers were constantly fire-
ing volleys at them.

"I ran with the others and man-
aged to reach a church in safety.
Here three hundred fugitives, most of
them women, already had congregat-
ed. This was at 4 o'clock Sunday
morning.

"I had passed down Sokolowka and
Polwka streets and found that the
market place had been burned.

"At the end of two days' lack of
food and water forced the refugees
in this church to leave it. We made
our way through streets covered with
debris. There were many dead bod-
ies and wounded persons lying about.
We finally reached the village of Ros-
kose.

"Most of the families in Siedlice
who barricaded themselves in their
houses out of fear of the soldiers,
have now been three days without sup-
plies. The wounded have not been
cared for, as the soldiers will not per-
mit physicians to enter the town."

This refugee would not give his
name, as he feared persecution at the
hands of the police.

A Hebrew refugee, who escaped
from Siedlice with his wife and two
wounded children, when seen by the
correspondent in Warsaw this morn-
ing, said:

"I had a small hardware store on
Plenkna street. Saturday at midnight
troops broke into the store and de-
stroyed it. They could not find us,
as we were hiding in the cellar. The
artillery fire on Plenkna street made
it necessary for us to lay flat on the
floor until Monday night. Then the
fire was so severe that we were forced
to flee. We made our way through
the streets, and the children were
wounded. When we reached the
fields we were almost starving."

Other refugees declare that the
principal plunderers were terrorists
who passed through Siedlice on Mon-
day on their way home.

Foul Play Suspected.

Natchez, Miss., Sept. 12.—Mrs. A.
Goldstein, aged 45 years, wife of a
small dry goods dealer in Franklin
street died Tuesday morning under
suspicious circumstances. Before her
death she called the full down the
stairs but there are suspicious cir-
cumstances attending the case, and
the coroner is investigating. Foul play
is suspected.

RESULT OF ELECTION.

Republican Plurality Greatly Reduced
in State of Maine.

Portland, Me., Sept. 12.—The result
of the election in this state Monday
when the Republican plurality for gov-
ernor, which usually approximates 25-
000 was reduced to about 8,000, while
at the same time the total vote was
greatly increased over the figures of
four years, is attributed by the lead-
ers of both the republican and democ-
ratic parties to popular feeling over
the prohibition laws. Although the
republicans re-elected Governor Wil-
liam T. Cobb and all the four con-
gressmen of the state and will have
a working control of the state legis-
lature, the pluralities were so gener-
ally reduced as to occasion surprise
in many quarters.

Both Governor Cobb and Congress-
man Littlefield, in whose district the
most vigorous battle of the campaign
was waged, are of the opinion that the
Sturgis law, providing for the enforce-
ment of the existing prohibitory law
by state liquor deputies, was the lead-
ing factor in the result.

The Democrats made re-submission
of the liquor prohibitory amendment
to the people a part of their plat-
form, while the republicans stood
squarely for endorsement of the pro-
hibitory plan and its strict enforce-
ment. The result was evident in the
cities, the Democrats carrying all of
the 21 municipalities of the state with
the exception of four of the smaller
ones. The vote of the country dis-
tricts, however, where the re-submis-
sion idea has never gained any no-
table following, more than offset the
Democratic gains in the cities.

In the second district congressional,
where Samuel Gompers, president of
the American Federation of Labor,
conducted a vigorous campaign to de-
feat Congressman Littlefield, Mr.
Littlefield's majority was reduced from
that of four years ago by several
thousand votes. The congressman
attributes the result not to the cam-
paign against him, but to the general
sentiment regarding the Sturgis law.

ENCOURAGING REPORT.

On the Extinction of Yellow Fe-
ver Is Given Out.

New Orleans, Sept. 12.—One of the
most encouraging reports of the pre-
sent summer to exterminate yellow fe-
ver was given out Tuesday by Juan
J. Fernandez, consul general here of
the Republic of Honduras.

It indicates that tropical countries
from which it has been charged yellow
fever infection has in the past been
transmitted to the southern part of
the United States, are successfully rid-
ing their territories of this disease.

In Honduras, with an American sur-
geon in charge precautions have been
carried to extremes. Houses of the
very poor in some cases, have been
burned to destroy filth and new houses
have been supplied in their places.

Frequently the clothing worn by
beggars has been burned, better and
cleaner clothing being given to these
unfortunates. Working on the mos-
quito theory of yellow fever infection,
cisterns have been screened and sul-
phur has been burned in doors and
petroleum spread over the surface of
stagnant water. Weeds have been
cut in great quantities. As a result,
during the last two months in com-
munities where last year fifty or more
cases of yellow fever were reported,
not one case has been reported during
the last two months.

Big Planing Mill Destroyed by Fire.

Columbia, S. C., Sept. 12.—A special
to the State from Sumter says that
one of the most disastrous fires in a
financial way that ever visited Sum-
ter destroyed the planing mill of the
Homer Lumber company. The ex-
tensive loss was about \$100,000. The
entire plant, fixtures, machinery and
stock of the lumber company is a to-
tal loss. More than one million and
a half feet of lumber burned. Sev-
eral box cars loaded in the lower end
of the yard were also burned.

Smithson Appointed Paymaster.

Washington, Sept. 12.—Word was
received at the war department Tues-
day from Orderly Day that President
Roosevelt has appointed Colonel Cal-
vin C. Smith, to be paymaster gen-
eral of the army to succeed General
Draper, who retired Tuesday.

WAR TO THE END ORDERED BY PALMA

Island of Cuba Is Placed Under
Martial Law.

CITIZENS THROWN INTO JAIL

President Zayas, of Liberals, Con-
gressmen and Other Noted Mem-
bers of Party Are Imprisoned—De-
nounce Action.

Havana, Sept. 12.—President Palma
has issued a decree suspending all
constitutional guarantees, with special
reference to articles 15, 16, 17, 19, 22,
23, 24 and 27 in the provinces of Pin-
ar del Rio, Havana and Santa Clara.
The law enforcing public order,
which is equivalent to martial law,
also is put in immediate effect in the
three provinces named. A supplen-
mental decree has been issued sus-
pending the decree of August 28, par-
doning the repentant rebels, and order-
ing that all rebels be arrested. Both
decrees have been communicated to
all officers in the field.

Coincident with the issuance of de-
crees which followed the decision not
to yield to the peace demands the
government ordered the arrest of prac-
tically every prominent liberal. Al-
fred Zayas, president of the liberal
party, and several others have disap-
peared.

Among other liberals arrested are
congressman Florencio Viluendas, a
brother of Congressman Enrique Vil-
uendas, who was killed in a fight with
a politician at Cienfuegos a year ago,
and Congressman Borger and Varona.

When the news of issuing of these
decrees reached the veterans' peace
commission there was immediate and
almost unanimous denunciation of
President Palma and other members
of the government. Senor Sanguillo,
independent, who was present, and
who usually is moderate in his utter-
ances, made an impassioned speech, in
which he declared that there remain-
ed for Cubans but two roads to travel,
one of honor, the other of disgrace.
The government, he said, had refused
offers of efforts to settle the difficul-
ty, and so nothing was left but to
side with its opponents.

General Collazo and other promi-
nent veterans made similar speeches,
and General Menocal coincided. It
appears probable that most of the
members of the veterans' peace com-
mission will join the insurgents.

The government does not intend
that membership in congress shall
shield anybody from arrest. Senator
Morua Delgado was one of the first
arrested, and several representatives
were quickly added to the list of pris-
oners. Former congressmen and vet-
erans are being searched for by the
police. Senor Zayas and most of the
leading liberals have mysteriously dis-
appeared. Up to midnight Senor
Zayas had not been arrested.

Norfolk, Va., Sept. 12.—The cruiser
Des Moines sailed for Florida coast
in quest of filibustering expeditions,
several of which are reported to be
heading for Cuba with arms for the
insurgents.

Havana, Sept. 12.—Concerning the
present attitude of the government
and the decrees issued by President
Palma, General Rafael Montalvo, the
secretary of public works, said to the
Associated Press Monday:

"The government has been entirely
too lenient with the rebels. Out-
side to avoid fraternal bloodshed
has been mistaken for vacillation.
The suspension of constitution guar-
antees was necessary to affect the ar-
rest of several senators and congress-
men who form the central revolution-
ary committee in this city and whose
actions have been closely watched
lately by men of the secret service."

Concerning the rumors that rebels
purposed attacking Havana, General
Montalvo said there were but a few
small and unimportant bands on the
outskirts of the city and no large
force near Havana. The city itself
was amply protected.

"Aggressive action now will be
taken," said General Montalvo in con-
clusion, "against the rebels in Ha-

vana, Santa Clara and Pinar del Rio
provinces. The weakness of the rev-
olution in the last named province
already has been proved by the defeat
of Pino Gueraa."

Washington, Sept. 12.—American
shipping and commercial interests
about Havana, Cuba, are to have the
protection of an American warship in
Cuban waters. While government of-
ficials show an inclination not to dis-
cuss Cuban affairs in any particular
beyond making public dispatches from
Mr. Sleemer, the American charge at
Havana, confirming dispatches print-
ed in the daily papers, there can be no
doubt about the attitude of the offi-
cials that the cruiser Des Moines,
which cleared from Norfolk, Monday,
is sailing on a state department mis-
sion, and it is rumored in official
circles that she will proceed immedi-
ately to Havana.

Thousands Seen Negro Hanged.

Gainesville, Ga., Sept. 12.—Dave
Moore, a negro, who assaulted the 8-
year-old daughter of Jim Hood, of
White county, some weeks ago, and
who was convicted at a special term
of White superior court ten days ago,
was hanged at Cleveland Monday in
the presence of two thousand people.
The scaffold was erected about one
mile from town, but early in the day
hundreds gathered around to be pre-
sent when the trap was sprung. Moore
made a full confession. There was
no demonstration toward violence, the
people allowing the law to take its
course, although there was an effort
made to take Moore from the officers
when he was first captured.

Married Friday; Died on Sunday.

Hazlehurst, Ga., Sept. 12.—C. C.
Kridler, a bridegroom of only a few
hours, is dead. Mr. Kridler and Miss
Mae Wilson were married Friday
night. Mr. Kridler was apparently in
perfect health until Sunday, when he
suddenly expired. The cause of his
death is supposed to have been heart
failure. The deceased was for a num-
ber of years a successful naval store
operator, but at the time of his de-
mise was a half owner of the Hazle-
hurst Hardware company, and a mem-
ber of the dry goods firm of Bran-
nan, Cromartie & Kridler. Captain
Wilson, Mack Strong, Mr. Brannan
and the young wife went to Salisbury,
N. C., with the remains.

Snake Bite Kills Child.

Ashburn, Ga., Sept. 12.—The little
2-year-old son of Harris Dupree was
bitten by a ground rattler on Friday
and died eighteen hours later. The
parents of the boy did not know he
had been bitten until Saturday morn-
ing. He was immediately taken to a
doctor's office, but it was too late to
save the little fellow, and he died on
the way back home.

Engineer Dies from Scalds.

Shreveport, La., Sept. 12.—The
southbound passenger train on the
Iron Mountain railroad was derailed
at Gallion, La., the locomotive over-
turning. Engineer Leon Leady was
scalded to death, and Fireman H. M.
Blake received injuries which may
prove fatal. None of the passengers
were hurt. The cause of the accident
is unknown as yet.

Engage \$2,500,000 in Gold.

New York, Sept. 12.—Kuhn, Loeb
& Co. Monday announced that that
firm had engaged \$2,500,000 in gold
eagles in London for import. Under
the order of Secretary Shaw, a
national bank acting for Kuhn, Loeb
& Co. may draw on the United States
sub-treasury for \$2,500,000 pending the
arrival of the gold in this country.

Head Chopped Off by Negro Robber.

Indianola, Miss., Sept. 12.—G.
Benton was murdered by a negro who
partially chopped off Benton's head
with an ax. The object of the murder
was robbery. A negro suspected
of the crime was arrested.

Army and Navy Surgeons.

Buffalo, Sept. 12.—Army and Navy
surgeons from England, India, France,
Nicaragua, Mexico, Germany, China,
Japan, Guatemala and Spain are here
to attend the annual meeting of the
association of Military surgeons of the
United States. The convention went
into executive session Tuesday.

MOB BATTLES WITH 'FRISCO POLICE FORCE

Six Shot as Strikebreakers Are
Escorted Through Streets.

GUARDED BUILDING IS STORMED

Conflict Was Aftermath of Recent
Strike Among Ranks of Street Car
Men—Labor Trouble Had Been Set-
tled—Nonunion Men Retained.

San Francisco, Cal., Sept. 12.—As
an aftermath to the recent strike on
the United railroads, a riot broke
out Monday night when the street car
company started to march about 200
strike-breakers from the car barns at
Turk and Fillmore streets to the fer-
ry building.

Many shots were fired by the offi-
cers escorting the men, and half a
dozen persons were wounded.

The strike-breakers are guarded in
the Ferry building by the police, and
12 men have been arrested. A large
mob is in front of the Ferry build-
ing storming the structure and waiting
for the police to bring out the pris-
oners.

Through a lane formed by police-
men the strike breakers, thoroughly
frightened, were hurried into the Fer-
ry building, to which the police re-
fused admission to the public.

A score of men who said they were
able to identify the guards who had
used revolvers were admitted.

Policemen searched the men for re-
cently discharged weapons. Many
of these were found, and the owners
were immediately handcuffed. They
were placed in a patrol wagon, which,
by strategy, obtained a lead of half
a block before its departure was no-
ticed by the crowd waiting outside.

With cries of "Lynch them!" hun-
dreds started up Market street, in the
wake of the patrol wagon.

The demands of vengeance were
heightened by the report that half a
dozen strike-breakers had been killed
by the shots fired by the guards.
The wagon load of prisoners safely
reached the lockup.

Reports from the hospitals of the
city indicate that a dozen persons
were wounded, but none seriously.
The mob was dispersed by the police
after the strike-breakers had been
later hurried aboard a departing fer-
ry boat.

Terrell Calls on Bonaparte.

Washington, Sept. 12.—Governor
Terrell, of Georgia, called on Secre-
tary Bonaparte Tuesday to request
that the battleship Georgia, which is
about to be turned over to the gov-
ernment at Bath, Me., be put in com-
mission in Georgia waters, either at
Savannah or Brunswick. No official
action has yet been taken by the au-
thorities of Georgia in the matter of
presenting a silver service to the new
battleship, but it is understood that
the young lady who will act as spon-
sor will make a presentation of a
piece of silver.

Girl Commits Suicide.

New Orleans, Sept. 12.—In an effort
to conceal her approaching death from
her mother, Ida Huguenot, 18 years
of age, after swallowing carbolic acid
with suicidal intent made no outcry
although lying in convulsions for half
an hour with her mother asleep in an
adjoining room. When found, the
girl was past hope. She had quar-
reled with a girl friend.

Arrange for Meeting.

Norfolk, Va., Sept. 12.—Major Rich-
ard Briventer, chief of police of Wash-
ington, D. C., and president of the In-
ternational Association of Chiefs of
Police, arrived here Tuesday and be-
gan preliminary arrangement for the
1907 meeting of the international
chiefs which, he announced, would be
held in Norfolk.

Woman Killed by Auto.

New York, Sept. 12.—Mrs. Michael
Kane and Mrs. James Quinn, while
crossing a street in Far Rockaway,
were struck by an automobile. Mrs.
Quinn died soon after being taken to
a hospital. Her companion escaped
with slight injuries.

Portland, Me., Sept. 12.—The result

when the Republican plurality for gov-

attributes the result not to the cam-

CITIZENS THROWN INTO JAIL

President Zayas, of Liberals, Con-

Havana, Sept. 12.—President Palma
has issued a decree suspending all

men who form the central revolution-
ary committee in this city and whose
actions have been closely watched
lately by men of the secret service."

Concerning the rumors that rebels
purposed attacking Havana, General
Montalvo said there were but a few
small and unimportant bands on the
outskirts of the city and no large
force near Havana. The city itself
was amply protected.

"Aggressive action now will be be-
gun," said General Montalvo in con-
clusion, "against the rebels in Ha-

vana, Santa Clara and Pinar del Rio
provinces. The weakness of the re-
volution in the last named province
already has been proved by the defeat
of Pinar Gueraa."

Washington, Sept. 12.—American
shipping and commercial interests
about Havana, Cuba, are to have the
protection of an American warship in
Cuban waters. While government of-
ficials show an inclination not to dis-
cuss Cuban affairs in any particular
beyond making public dispatches from
Mr. Sleemer, the American charge at
Havana, confirming dispatches print-
ed in the daily papers, there can be no
doubt about the attitude of the offi-
cials that the cruiser Des Moines,
which cleared from Norfolk Monday,
is sailing on a state department mis-
sion, and it is rumored in official
circles that she will proceed immedi-
ately to Havana.

Thousands Seen Negro Hanged.

Gainesville, Ga., Sept. 12.—Dave
Moore, a negro, who assaulted the 8-
year-old daughter of Jim Hood, of
White county, some weeks ago, and
who was convicted at a special term
of White superior court ten days ago,
was hanged at Cleveland Monday in
the presence of two thousand people.
The scaffold was erected about one
mile from town, but early in the day
hundreds gathered around to be pres-
ent when the trap was sprung. Moore
made a full confession. There was
no demonstration toward violence,
the people allowing the law to take its
course, although there was an effort
made to take Moore from the officers
when he was first captured.

Hazlehurst, Ga., Sept. 12.—C. C.
Kridler, a bridegroom of only a few
hours, is dead. Mr. Kridler and Miss
Mae Wilson were married Friday
night. Mr. Kridler was apparently in
perfect health until Sunday when he
suddenly expired. The cause of his
death is supposed to have been heart
failure. The deceased was for a num-
ber of years a successful naval store
operator, but at the time of his de-
mise was a half owner of the Hazle-
hurst Hardware company, and a mem-
ber of the dry goods firm of Bran-
nan, Cromartie & Kridler. Captain
Wilson, Mack Strong, Mr. Brannan
and the young wife went to Salisbury,
N. C., with the remains.

MOB BATTLES WITH 'FRISCO POLICE FORCE

Six Shot as Strikebreakers Are
Escorted Through Streets.

GUARDED BUILDING IS STORMED

Conflict Was Aftermath of Recent
Strike Among Ranks of Street Car
Men—Labor Trouble Had Been Set-
tled—Nonunion Men Retained.

San Francisco, Cal., Sept. 12.—As
an aftermath to the recent strike on
the United railroads, a riot broke
out Monday night when the street car
company started to march about 200
strikebreakers from the car barns at
Furk and Fillmore streets to the fer-
ry building.

Many shots were fired by the offi-
cers escorting the men, and half a
dozen persons were wounded.

The strikebreakers are guarded in
the ferry building by the police, and
12 men have been arrested. A large
mob is in front of the ferry build-
ing storming the structure and waiting
for the police to bring out the pris-
oners.

Through a line formed by police-
men the strike breakers, thoroughly
frightened, were hurried into the fer-
ry building, to which the police re-
fused admission to the public.

A score of men who said they were
able to identify the guards who had
used revolvers were admitted.

Policemen searched the men for re-
cently discharged weapons. Many
of these were found, and the owners
were immediately handcuffed. They
were placed in a patrol wagon, which,
by strategy, obtained a lead of half
a block before its departure was no-
ticed by the crowd waiting outside.

With cries of "Lynch them!" hun-
dreds started up Market street, in the
wake of the patrol wagon.

The demands of vengeance were
heightened by the report that half a
dozen strikebreakers had been killed
by the shots fired by the guards.
The wagon load of prisoners safely
reached the lockup.

Reports from the hospitals of the
city indicate that a dozen persons
were wounded, but none seriously.
The mob was dispersed by the police
after the strikebreakers had been
later hurried aboard a departing fer-
ry boat.

Terrell of Georgia, called on Secre-

Savannah or Brunswick. No official
action has yet been taken by the au-
thorities of Georgia in the matter of
presenting a silver service to the new
battleship, but it is understood that
the young lady who will act as spon-
sor will make a presentation of a
piece of silver.

FOREST HUNTER HELD FOR SERIOUS CRIME

Arrested For Dynamiting Restaurant of Newberry Man.

FOUR PERSONS WERE INJURED

A Woman and a Man Are in a Serious Condition—Hunter Was Arraigned in Justice Court, and Committed to Prison Under Heavy Bond.

Forest Hunter, a negro who has been employed about Newberry for the past few months, was arrested by Deputy Sheriff Livingston at that place Tuesday afternoon, upon a charge of dynamiting the restaurant of Charlie Wilson at Newberry last Monday night about 11 o'clock, when four people were injured, two of whom, Jessie Gardner, a woman, and son Montgomery, are in a serious condition.

Hunter was arraigned in Justice Henderson's court at Newberry at once, and the evidence was sufficiently strong to hold the prisoner under a bond of \$500 for his appearance at the next term of the circuit court of Alachua county.

Being unable to furnish the bond, Hunter was brought to this city and placed in jail.

This incident is very much deplored by the law-abiding element of Newberry, and if the man is guilty it is their desire to see the fullest enforcement of the law.

The rear of the building, where the dynamite was placed, is a complete wreck, and it is a miracle that no one was killed outright.

WILL PORTER WAS HERE.

Seaboard Engineer Who Was Seriously Injured Last December.

Among the visitors to Gainesville Wednesday was Engineer W. H. Porter, for many years a faithful employee of the Seaboard Air Line.

Mr. Porter narrowly escaped death in a head-on collision of a freight and passenger train on the Orlando-Wildwood branch of the Seaboard in December of last year, being severely injured in the head, from the result of which he lay unconscious for three weeks. He was the engineer of the passenger train, and his fireman was killed. The engineer and fireman of the freight train lost their lives in this accident, and Engineer Porter declares it nothing more than a miracle that he is not either "shovelling coal" or "flapping about with a harp in his hand" at this time.

Engineer Porter has just returned from an extended trip through the West, where he was recuperating. He expects to return to his duties soon, as he has about recovered. He has many friends here who were glad to greet him again.

Thin Blood

Experience counts nothing with you? Then what do you think of 80 years' experience with Ayer's Sarsaparilla? Sixty years of curing thin blood, weak nerves, general debility! We wish you would ask your own doctor about this. Ask him to tell you honestly what he thinks it will do for your case. Then do precisely as he says.

ECZEMA SKIN RAW AND FEVERISH- ITCHING INTENSE

Eczeema is a tormenting, stubborn disease caused by an acid humor, in the blood coming in contact with the skin and producing redness, inflammation and almost intolerable itching. An inactive state of the system and sluggish condition of the eliminative members leaves the waste and refuse matter of the body to collect and sour instead of passing them off through nature's channels of bodily waste. The blood in its efforts to purge the system of all foreign matter absorbs this acid and throws it off through the pores and glands of the skin. The acid humor seems to ooze out and set the skin on fire, the straw colored, sticky fluid drying and forming crusts, and the itching is intense. When these pustules are scratched off the skin is left raw and feverish and often a solid sore is formed and kept up by the constant escape of acids from the blood. Local applications of salves, powders, lotions etc. are desirable and should be used because they allay the itching and give the sufferer temporary comfort, but are in no sense curative, because they cannot reach the seat of the trouble, which is in the blood.

S.S.S.

PURELY VEGETABLE.

S. S. S. goes down into the blood, cleanses the circulation of all acids and humors, builds up the thin, sour blood and by removing every vestige of the cause cures Eczeema permanently. The irritating eruptions disappear, the itching and burning cease, and the acid-fied skin, being fed by a fresh, cooling stream of blood, becomes soft and smooth again. S. S. S. is made of healing, purifying roots, herbs and barks that will not damage any part of the system. Book on skin diseases and any medical advice free.

LOG-ROLLING WILL BE A BIG THING

Local Woodmen Are Anticipating
Event With Great Pleasure.

JACKSONVILLE TO BE HERE

The Boys of the Metropolis Will Come
in Strong Numbers by Special Car,
and Will Assist in "Working" the
Timber Through the Forest.

Members of Alachua Camp No. 5,
Woodmen of the World, are antici-
pating at the big log-rolling, which
will be pulled off at their camp tonight,
one of the greatest times ever known
in the history of the order in Gaines-
ville.

A special car will convey the boys of
the Jacksonville lodge to Gainesville,
and the log-rolling will begin imme-
diately after supper and continue un-
til the "wee sma' hours."

Council Commander J. B. Brooks,
officers and committees, have been
hard at work making arrangements.
Plenty of trees have been felled, and
this promises to be a good, old-time
log-rolling which will not be forgotten
soon.

Every Woodman in good standing is
cordially invited to be present, it
makes no difference whether he be-
longs to Alachua Camp or not. Every
member of the order in Florida and
elsewhere is invited, and it will be the
pleasure of the local camp to enter-
tain them during the evening.

The Jacksonville boys will be quar-
tered at the Brown House while here—
Joe Brooks says they will not need a
bed.

Men Past Sixty In Danger.

More than half of mankind over
sixty years of age suffer from kidney
and bladder disorders, usually enlarge-
ment of prostate gland. This is both
painful and dangerous, and Foley's
Kidney Cure should be taken at the
first sign of danger, as it corrects ir-
regularities and has cured many old
men of this disease. Mr. Rodney Bur-
nett, Rock Port, Mo., writes: "I suf-
fered with enlarged prostate gland
and kidney trouble for years, and af-
ter taking two bottles of Foley's Kid-
ney Cure I feel better than I have for
twenty years, although I am now 91
years old." J. W. McCollum & Co.

Millions for Railroad Extension.

San Francisco, Sept. 12.—E. H. Har-
rison and his associates, through the
local officials of the Southern Pa-
cific have set aside an additional
\$3,000,000 to pay preliminary expenses

into the northern end of this state.
This makes a total of \$5,000,000 set
aside for this purpose during the past
two years. Most of these will con-
nect with the Shasta route as feed-
ers, and will open up a lot of new
jobbing territory for the merchants
of San Francisco and Portland. There
is building, or will be built, 1,100
miles of new branches at a bonded
cost of over \$44,000,000.

The longest railroad in this country is the Chicago, Burlington & Quincy, which owns 7,794 miles and operates 7,961 miles.

Bryan is a grandpa, Emperor William is a grandpa and President Roosevelt is a father-in-law. Well, well, how the boys do keep growing up!

No Southerner regrets the defeat of Nelson (white) by the negro (Gans) in the recent prize fight at Goldfield, Nev. Any white man who will enter the ring with a negro deserves a severe pounding.

A man in Iowa was soundly thrashed last week by his wife for not paying his newspaper subscription after she had given him the cash to do it. May her crown be trimmed to order and her harp have an extra string.

A contemporary says Governor Broward spoke for three hours and twenty minutes at Jasper on the drainage question and that no one left during his speech. Everybody who believes this statement will please stand up.

The Southern Ruralist, an agricultural journal published in Atlanta is now edited by Dr. H. E. Stockbridge, formerly professor of agriculture in the Florida University. The publishers are indeed fortunate in securing his services.

The Sun congratulates the County Commissioners upon their selection of N. A. Callison as general commissioner to the State Fair. Without disparagement to any other person, we cannot refrain from expressing the opinion that Mr. Callison is the best man in the county for the position, and that with proper assistance he will secure for Alachua county first prize at the great State Fair to be held at Tampa in November.

SERMONETTES

A painted fire will not keep the room warm.

If you do not expect much nobody else will.

Growing love must be trained just like a vine.

It is the sterility of indifference that disgusts us.

Just making a bare living is not getting on in the world.

An inanimate love attracts no one—it repels, and always will.

When an enemy learns your tactics you have no more advantage over him.

It were infinitely better to suffer keenly than never to feel at all.

One who sings for bread and bouquets has no more unction than a music box.

The snap ought to be in the horse, but if it is not we must put it in with the whip. Most people do not have iron enough in their blood to make them do the thing that is best for them.

We're prone to stand apart now, but some day we'll weep on each other's bosom. In the hush of the golden day we shall hear the sound of wings—the wings of the death-angel whose other name is Time.

You say it is a taskless task? However much adored in society no woman can be happy unless she begins by making her husband happy. The woman that makes her husband happy will be happy with him, no matter what sort he is. And that atones for a thankless task.

The alarming growth of disrupted and dismantled homes suggests that two different ones cannot be the adored objects of the heart at one and the same time. Slowly, but surely, you are detached from the one you ought to love, and loving the one from whom you ought to be detached.

No two people are happy together unless there is mutual appreciation. Some know how to appreciate one's powers and possibilities; others have found out the secret of appreciating one's limitations. On this rock the perpetuity of a sweet home-life is forever founded.

The many friends of Miss Nellie E. Beck, who has for many years so efficiently filled the position of society editor of The Pensacola Journal, regret to learn that she has severed her connection with that excellent paper and removed to Denver, Col., where she will permanently reside. Miss Beck was one of the best writers in Florida, and was at one time editor of The Bartow Courier-Informant, and had also been connected with The Key West Inter-Ocean, Miami Metropolis and other papers in this State. Mrs. B. S. Bernard, a lady of newspaper experience, succeeds Miss Beck as society editor of The Journal.

Governor Broward claims that because the Legislature has granted more lands to the railroads than the State owned, the grants are unconstitutional and void. The Governor might just as well claim that because he gave us his note for fifty thousand dollars, when he had only forty thousand dollars, we could not recover any portion of his indebtedness to us. The land grants to the railroads were given in consideration of the performance of certain work, and if the railroads performed their part of the contract the State can certainly be compelled to perform its part, so far as lies in its power.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The "regular" Republican spellbinder, who relies upon an engagement by the campaign committee every two years to keep the wolf from the door, is rather discouraged by the outlook. Since life insurance tainted money has been tabooed the chance of a profitable engagement is rather slim. But he should not be so easily bluffed by chairman "Jim" Sherman. The beef trust will certainly come down for past favors in making the people pay for meat inspection and, judging the future by the past, the steamship trust will again finance the committee for favors expected. There is a chance for the Republican spellbinder yet.

Some of the New York papers charge that Judge Gaynor's decision against the right of the Brooklyn Rapid Transit road to collect double fares was the cause of the riots in Brooklyn; and that the judge incited the riot. Of course, they are paid for such rot. But they are unconsciously boomeranging Judge Gaynor for high office. The trust organs had better go slow on Brooklyn.

Don't for a minute imagine that the administration intends to punish Mr. Rockefeller, or any of the other Standard Oil magnates. The worst it will do will be to urge the court to merely inflict a fine. This the trust has perhaps anticipated, for it has just reduced the price it pays for crude oil. And yet the Republicans boast they are the trust-busting party.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE WALDO SCHOOL.

Will Open on Monday, September 24, With Full and Competent Corps.

Dr. J. M. Boring and M. W. Hogan, members of the board of trustees of the Waldo Senior High School, were in the city Wednesday on business connected with the School Board. This business was in the matter of the opening of the school, etc., and the arrangement was very satisfactory.

This school, which is one of the best in the county, will open on Monday, the 24th inst., and will continue, as formerly, for eight months.

The faculty selected is a good one, and is as follows: Prof. W. E. Bell, principal; Miss Ellen Wallace, Mrs. W. E. Bell, Miss Claudia Ambrose.

Prof. Bell is regarded as one of the most competent teachers in the county, holding a State certificate. He taught last year the Hawthorn school, and was very successful and popular. It goes without saying that he will accomplish the same in his new position.

The enrollment of the Waldo school last year was 175, with an excellent average attendance.

Meeting of School Board.

The regular monthly meeting of the Board of Public Instruction, which was postponed for one week on account of the county teachers' examination, was held at the office of the board Tuesday, a full board being present with the exception of Hon. T. A. Duke of Santa Fe, who is ill at his home.

There was nothing of especial interest transpiring at this meeting, with the exception of the appointment of a few teachers to fill the vacancies of various schools throughout the county. This list will be published as soon as it can be compiled.

Worthy Colored Citizen Dies at Age of Ninety-Six Years.

The death angel visited the home of Mrs. Rosa Shivery on Tuesday morning and took her aged father, Adam Days.

Deceased was born at St. Simon Island, Ga., in June, 1810, and was ninety-six years of age at his death. He and family were brought to Florida by his old master, John Demery, about 1854, and were located in Marion county until emancipation, after which he went to Levy county, where he remained until the death of his son-in-law, Rev. R. C. Shivery. He then came to live in Gainesville with his daughter, where he has made many friends, both white and colored.

The deceased was the father of ten children and had forty grand children, eighteen great grand children and five great-great grand children, who are some of the best colored citizens of the county in which they reside.

The funeral was held from Friendship Baptist Church, this city, and the interment was in the colored cemetery in South Gainesville. A large number of relatives and friends followed the remains to their last resting place.

ENGINE WAS OVERTURNED.

Accident Which Overtaken Locomotive and Delayed Train.

South-bound freight train of the Seaboard Air Line, bound for Cedar Key, was wrecked in the yards in this city just after being cleared from Gainesville station Wednesday morning about 8:30 o'clock. The big engine, which was one of the largest used in the service on this division, was turned over, caused by the giving-away of rail, and now lies on its side near the Gainesville foundry.

The engine was in charge of Engineer George, with a colored fireman. It is a wonder that both were not seriously hurt, but the only damage was a slight bruise in the side of Engineer George, which did not even incapacitate him from resuming work immediately. The fireman did not receive a scratch.

The news of the wreck spread rapidly over the city, and within an hour a large crowd had congregated about the scene, attracted there by curiosity. The wreck was not at all of a serious or destructive nature, and no other trains were delayed.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich.

Counterfeiting Charged to Two. Huntsville, Ala., Sept. 12—Charles Claxton and L. L. Solomon have been arrested here on charges of counterfeiting. Although there is no evidence to connect the two men, the officers believe that they are both members of a gang that has operated extensively over their country, and their personal effects have been seized to await the arrival of a secret service official. Solomon claims that he came to this city from Tampa, Fla. He was accompanied by his wife, and they have been operating a candy-making machine. He was arrested for passing a counterfeit gold coin. Claxton was arrested for passing a counterfeit 50-cent coin. They were committed to jail in default of \$1,000 bonds after hearings before Commissioner Greenleaf. Solomon appears to be an old offender, and the revenue officers who put him in jail believe he is familiar with the inside of jail.

Cripple Creek last night proved attractive enough to fill the Park tent once more, and the actors again demonstrated their ability to entertain in a wholesome manner. It is a melodrama, pure and simple, but tells a sympathetic story of life in Colorado, where passions are said to be ever at fever heat. Tonight, the Ku-Klux, a play written especially for the Park Company. The scenes are laid in the middle 'sixties, when the race strife began and men of the South were made to suffer at the hands of our zealous politicians. This play has created a furor wherever produced.
